

TRANSPORTATION AND HANDLING

- A maximum of 15 gallons or 125 pounds may be transported per vehicle, per trip (Department of Transportation regulation).
- Materials should be in original containers (except motor oil, fuels and antifreeze).
- Containers larger than 5 gallons in size will **not** be accepted.
- All containers must have lids, be sturdy, non-leaking, and labeled.
- Protect all items from breakage.
- Do not combine different types of waste.
- Do not mix oil-base paint with latex paint.
- Empty containers, with lids removed, can be discarded in trash.
- Household hazardous waste containers will NOT be returned, except for used oil containers in good condition (if requested).
- Personal information and data on computers should be removed or destroyed prior to disposal.

Why buy when you can reuse?

VISIT THE **REUSE PROGRAM!**

A unique and **FREE** program that allows you to pickup partially used containers of household, yard, and car care products that others no longer need (no electronics are offered).

Currently available at the Anaheim, Huntington Beach and Irvine locations. (Tuesday through Saturday, 9 a.m. to 3 p.m.)

For more information about the
Household Hazardous Waste
Collection Program:

Safe! Easy! Free!

Disposal of Household Hazardous Waste

Household Hazardous Waste
Collection Program

DID YOU KNOW?

- Most home, car, and yard care products along with electronics and batteries can't be thrown in the trash.
- Paint, motor oil, most cleaning products, electronics, batteries and many more items are considered "hazardous waste".
- If these products are put in the landfill they can contaminate our groundwater.

SO WHAT CAN YOU DO? EASY AS 1-2-3!

- 1 Pack unwanted electronics, home, yard, and car care products in your car.

- 2 Drive to the Household Hazardous Waste Center closest to you.
- 3 Sit in your car and fill out a simple form while an attendant removes the unwanted products.

AND AWAY YOU GO!
