Irvine Company, Top OC Taxpayer for 9th Consecutive Year

SANTA ANA, Calif. – Irvine Company is once again the No. 1 taxpayer in Orange County with \$76,378,600 in total secured tax payments for the 2020-21 fiscal year. Charter Communications is the top unsecured taxpayer with \$3,692,746.

The top 20 taxpayers represent 4.26 percent and 8.5 percent of secured and unsecured billed property taxes respectively, for a total of \$350 million. This is a 9.6 percent increase over the prior year, which had \$333.8 million in total billed property taxes. More than \$7.5 billion in property tax bills were issued this fiscal year.

“Orange County’s largest land owners contribute significant revenues to local government and the county through property taxes, which allows our residents to continue enjoying our great quality of life,” said Orange County Treasurer Shari Freidenrich. “Without the large contributions from these taxpayers, local governments would not have the funds to pay for general government services, such as public safety.”

The Top Three taxpayers are:

Secured Property

- | | |
|--|--------------|
| 1. Irvine Company | \$76,378,600 |
| 2. Walt Disney Parks & Resorts US | \$74,312,625 |
| 3. So. Calif. Edison Co. (Edison Intl) | \$57,142,900 |

Unsecured Property

- | | |
|--|-------------|
| Charter Communications, Inc. (Time Warner) | \$3,692,746 |
| Cox Communications, Inc. | \$3,495,054 |
| Allergan, Inc. | \$1,883,099 |

The top 3 for each type remains the same as last year, except for Allergan, Inc., which replaced Applied Medical Resources Corp. See a list of all Top 20 Property Taxpayers for this year and prior years by [clicking here](#) or by scanning the QR code below.

The County of Orange currently receives 5 cents of each property tax dollar, significantly lower than the 21 cents received by the County of Los Angeles and 12 cents by the County of San Diego. Ninety-five percent of the County’s discretionary portion of the general fund is comprised of property taxes. Within the Top 20 group, secured property taxes total \$323 million and unsecured property taxes total \$27 million.

The County of Orange continues to deliver high property tax collection rates for its residents. During the fiscal year 2019-20, Orange County’s 99.2% secured [collection rate](#) was the third highest in the State of California, and the collection rate was the second highest for California [counties of more than 1 million people](#). The secured property tax collection rate in this just completed fiscal year 2020-21 was 99.34 percent.

Your secured tax bills can be viewed online by entering your address at ocgov.com/octaxbill. Business owners with unsecured taxes can see their bill by entering the name of their business. Any delinquent property taxes will be clearly listed. Sign up for text or email tax bill reminders at ocgov.com/octaxreminder and never pay a late property tax bill late again.

County of Orange Partners with Entertainment® on Mobile App to Help Local Businesses

SANTA ANA, Calif. (July 9, 2021) – The County of Orange is partnering with Entertainment® to help local businesses get free valuable exposure by featuring them on a mobile application known as the Entertainment Mobile App (App). This application will allow owners to grow their business by advertising and connecting with new customers as California reopens.

“The County of Orange is pleased to partner with Entertainment® to offer this free and easy service to businesses as our country works to rebuild its economy,” said Chairman Andrew Do, First District Supervisor. “Through the use of the Entertainment Mobile App, businesses can look forward to welcoming new and returning customers.”

The Entertainment Mobile App will promote enrolled businesses by notifying customers of special offers intended to encourage purchases. Businesses range from dining, attractions, activities, shopping, services, travel, and more.

“This opportunity is unique in that it touches a wide range of Orange County shops,” said Vice Chairman Doug Chaffee, Fourth District Supervisor. “Through the App, residents may discover their new favorite restaurant or store.”

Through the Entertainment Mobile App, businesses will provide a one-time offer from an approved offer list based on the category of their business. Entertainment® will promote the business on their App where customers will see the offer and visit the business to redeem. The offer expires after use, and the customer may return to pay full price on their subsequent visits.

“As the economy reopens, businesses are looking for ways to grow their customer bases,” said Supervisor Katrina Foley, Second District. “The Entertainment Mobile App drives results for all businesses in Orange County by allowing customers to experience products, food, and services at a special rate.”

To apply, businesses will attend an orientation session followed by enrollment. A virtual orientation will be held on July 13, 2021, from 2-3 p.m. Interested individuals can register at bit.ly/ocentertainment.

“This is a win-win for both the businesses and consumers,” said Supervisor Don Wagner, Third District. “Business owners can promote their establishments at no cost to new customers looking to spend less.”

“This is a great opportunity for businesses to get some free exposure as they look to rebound from the financial impacts of COVID-19,” said Supervisor Lisa Bartlett, Fifth District. “The

Orange County Launches OC Equity Map to Address Inequality and Resource Disparities

Mapping Tool Helps County Allocate Resources, Reduce Disparities in OC Communities

(Santa Ana, CA) Orange County is taking a data-driven approach to addressing inequality and resource disparities. On July 14, the County will launch a new mapping tool that monitors Orange County's health and social gaps.

"COVID-19 has exacerbated several health and social inequities, which many municipalities and local organizations were unprepared to meet at the height of the pandemic," explains Supervisor Andrew Do, Chairman of the Orange County Board of Supervisors. "Our OC Equity Map tool will provide actionable benchmarks to allocate resources and reduce disparities in our communities."

In May 2020, the COVID-19 Testing Ad-Hoc Committee, led by Chairman Andrew Do and Vice Chairman Doug Chaffee, directed the Orange County Health Care Agency (HCA) to develop the OC Equity Map (OCEM) tool. The purpose of the initiative was to develop a data platform that informs Orange County leaders, public/private entities, and residents in the most impacted regions about the increasing risk of COVID-19.

"The OC Equity Map measures our progress that we have made as a community with the goal to improve the quality of life for every resident of Orange County," said Vice Chairman Doug Chaffee, Fourth District. "We thank the OC Health Care Agency and Advance OC for launching the OCEM and giving us a powerful tool to reach the goals of creating a more equitable and healthy society."

To help the HCA identify the root causes of emerging disparities in Orange County that have come to light from the pandemic, the Board of Supervisors approved an [agreement with Advance OC](#) in July 2020, tasking the non-profit to develop Orange County's Social Progress Imperative Equity Map to capture population outcome data in three broad dimensions: Basic Human Needs, Foundations of Wellbeing, and Opportunity.

"This depth of data will help create a roadmap for private and public partnerships to collectively address complex social circumstances at the root of inequities in health and well-being. The platform also supports the OC Health Care Agency's mission to work collaboratively with the community to deliver sustainable and responsive services that promote population health and equity," stated Dr. Clayton Chau, HCA Agency Director and County Health Officer.

Under Phase I, [Advanced OC](#) utilized 2010 Census datasets to visually present Orange County's status of social progress. A launch event will take place on July 14 at Mile Square Park for elected officials, city officials, commissioners, community-based organizations, and other stakeholders from the public. Phase II will utilize 2020 Census data and will be sponsored by the private sector.

The County will provide access to the OCEM platform to the public at no-cost and will allow users to measure, track, and map inequities in the community with neighborhood precision, including identifying root causes, understanding social determinants, and informing strategies to advance the health and wellbeing of Orange County residents.

"AdvanceOC is honored to be working with the County of Orange and the HCA on this important initiative. We are proud to present this tool to the community to advance data-driven, equity-oriented strategies that tackle social and health disparities. Our partnership with the HCA highlights how data science can help organizations achieve greater impact. We hope to see more collaboration in the community and are excited that this tool can help facilitate important conversations around equity," said Katie Kalvoda, President & Board Chair, AdvanceOC.

To test and explore this new analytic capability, HCA has been utilizing the OCEM platform in its COVID-19 responses, including testing, vaccine allocation and distribution, and other mitigation strategies. The platform also provides a roadmap for private and public partnerships to fund initiatives that seek collaborative approaches to addressing complex social circumstances at the root of inequities in health and well-being.

El Condado de Orange lanza el Mapa de Equidad de OC para Hacer Frente a la Desigualdad y las Disparidades de Recursos

La herramienta de mapas ayuda al Condado a asignar recursos y reducir las disparidades en las comunidades del Condado de Orange

(Santa Ana, CA) El Condado de Orange está adoptando un enfoque basado en datos para hacer frente a la desigualdad y las disparidades de recursos. El 14 de julio, el Condado lanzará una nueva herramienta de mapas que monitorea las diferencias sociales y de salud del Condado de Orange.

"El COVID-19 ha agravado varias desigualdades de salud y sociales, para las que muchos municipios y organizaciones locales no estaban preparados en el momento crítico de la pandemia", explica el Supervisor **Andrew Do**, Presidente de la Junta de Supervisores del Condado de Orange. "Nuestra herramienta OC Equity Map o Mapa de Equidad de OC, proporcionará puntos de referencia procesables para asignar recursos y reducir las disparidades en nuestras comunidades".

En mayo de 2020, el Comité Ad-Hoc de Pruebas de COVID-19, encabezado por el Presidente **Andrew Do** y el Vicepresidente **Doug Chaffee**, ordenó a la Agencia del Cuidado de la Salud del Condado de Orange (HCA, siglas en inglés) que desarrollara la herramienta OC Equity Map (OCEM, siglas en inglés). El propósito de la iniciativa era desarrollar una plataforma de datos que informara a los líderes del Condado de Orange, a las entidades públicas/privadas y a los residentes de las regiones más afectadas sobre el creciente riesgo de COVID-19.

"El Mapa de Equidad del Condado de Orange mide el progreso que hemos hecho como comunidad con el objetivo de mejorar la calidad de vida de cada residente del Condado de Orange", dijo el Vicepresidente **Doug Chaffee**, del Cuarto Distrito. "Agradecemos a la Agencia del Cuidado de la Salud del Condado de Orange y a Advance OC por lanzar el OCEM y darnos una poderosa herramienta para alcanzar los objetivos de crear una sociedad más equitativa y saludable".

Para ayudar a la HCA a identificar las causas fundamentales de las disparidades que han surgido en el Condado de Orange a raíz de la pandemia, la Junta de Supervisores aprobó un [acuerdo con Advance OC](#) en julio de 2020, encargando a la organización sin fines de lucro el desarrollo del Mapa de Equidad Imperativa del Progreso Social del Condado de Orange para recopilar los datos de los resultados de la población en tres amplias dimensiones: Necesidades humanas básicas, Fundamentos del bienestar y Oportunidad.

"Esta gran cantidad de datos ayudará a crear una guía para que las asociaciones privadas y públicas aborden colectivamente las complejas circunstancias sociales que están en la raíz de las desigualdades en materia de salud y bienestar". La plataforma también respalda la misión de la Agencia del Cuidado de la Salud del Condado de Orange de trabajar en colaboración con la comunidad para prestar servicios sostenibles y receptivos que promuevan la salud y la equidad de la población", declaró el Director de la Agencia del Cuidado de la Salud del Condado de Orange, Clayton Chau, MD, PhD, y Funcionario de Salud del Condado.

En la Fase I, [Advanced OC](#) utilizó las series de datos del Censo 2010 para presentar visualmente el estado del progreso social del Condado de Orange. El 14 de julio se realizará un evento de lanzamiento en Mile Square Park para funcionarios electos, funcionarios municipales, comisionados, organizaciones comunitarias y otras partes interesadas del público. La fase II utilizará los datos del Censo de 2020 y será patrocinada por el sector privado.

El Condado proporcionará acceso a la plataforma OCEM al público sin costo alguno y permitirá a los usuarios medir, rastrear y esquematizar las desigualdades en la comunidad con gran precisión, incluyendo la identificación de las causas fundamentales, la comprensión de los determinantes sociales y la información de las estrategias para promover la salud y el bienestar de los residentes del Condado de Orange.

"AdvanceOC se siente honrado de trabajar con el Condado de Orange y la HCA en esta importante iniciativa. Estamos orgullosos de presentar esta herramienta a la comunidad para avanzar en las estrategias basadas en datos y orientadas a la equidad que abordan las disparidades sociales y de salud. Nuestra asociación con la HCA pone de relieve cómo la ciencia de los datos puede ayudar a las organizaciones a lograr un mayor impacto. Esperamos ver más colaboración en la comunidad y nos entusiasma que esta herramienta pueda ayudar a facilitar conversaciones importantes en torno a la equidad", dijo Katie Kalvoda, Presidenta y Directora de la Junta Directiva de AdvanceOC.

Para probar y explorar esta nueva capacidad analítica, HCA ha estado utilizando la plataforma OCEM en sus respuestas al COVID-19, incluyendo las pruebas, la asignación y distribución de vacunas y otras estrategias de mitigación. La plataforma también proporciona una guía para que las asociaciones privadas y públicas financien iniciativas que busquen enfoques de colaboración para abordar las complejas circunstancias sociales que están en la raíz de las desigualdades en materia de salud y bienestar.

Memorandum

DATE: July 15, 2021
TO: Member Agencies – MWDOC Divisions Two & Three
FROM: Larry Dick, Director – Division Two
Bob McVicker, Director – Division Three
SUBJECT: Monthly Water Usage Data, Tier 2 Projection & Water Supply Information

The attached figures show the recent trend of water consumption in Orange County (OC), an estimate of Imported Water Sales for MWDOC, and selected water supply information.

- OC Water Usage, Monthly by Supply **OCWD Groundwater was the main supply in May.**
- Estimated OC Water Usage, Monthly, Comparison to Previous Years Water usage in **May 2021 was above average compared to the last 5 years.** We are projecting a slight Increase in overall water usage compared to FY 2019-20. It has been 50 months since all mandatory water restrictions were lifted by the California State Water Resources Control Board.
- Historical OC Water Consumption Orange County M & I water consumption is **projected** to be **546,000 AF in FY 2020-21** (this includes ~15 TAF of agricultural usage and non-retail water agency usage). This is about **14,000 AF more than FY 2019-20** and is about **30,000 AF more than FY 2018-19**. Water usage per person is projected to be slightly higher in **FY 2020-21 for Orange County at 152 gallons per day** (This includes recycled water). Although OC population has increased 20% over the past two decades, water usage has not increased, on average. A long-term decrease in per-capita water usage is attributed mostly to Water Use Efficiency (water conservation) efforts. **O.C. Water Usage for the last five Fiscal Years is the lowest since the 1982-83 Fiscal Year** (FY 1982-83 was the third wettest year on record).

Water Supply Information Includes data on Rainfall in OC; the OCWD Basin overdraft; Northern California and Colorado River Basin hydrologic data; the State Water Project (SWP) Allocation, and regional storage volumes. The data have implications for the magnitude of supplies from the three watersheds that are the principal sources of water for OC. Note that a hydrologic year is Oct. 1st through Sept. 30th.

- Orange County's accumulated precipitation through **late June** was below average for this period. Water year to date rainfall in Orange County is **5.7 inches**, which is **45% of normal**.
- Northern California accumulated precipitation through **late June** was **47% of normal for this period**. Water Year 2020 was 63% of normal while water year 2019 was 137% of normal. The **Northern California snowpack was 66% as April 1st**. **As of late June, 100.00%** of California is experiencing **moderate to exceptional drought conditions** while 100.00% of the state is experiencing abnormally dry conditions. The State Water Project Contractors Table A Allocation was lowered to 5% in March 2021.
- Colorado River Basin accumulated precipitation through **late June** was **72% of normal** for this period. The **Upper Colorado Basin snowpack was 74% of normal** as of April 13th. **Lake Mead and Lake Powell** combined have about **51% of their average storage volume** for this time of year and are at **34.9% of their total capacity**. If Lake Mead's **level falls below a "trigger" limit 1,075 ft. at the end of a calendar year**, then a shortage will be declared by the US Bureau of Reclamation (USBR), impacting Colorado River water deliveries to the Lower Basin states. As of early July, Lake Mead levels were **6.68' BELOW the "trigger" limit**. The USBR predicts that there is **a 97% chance that the trigger level will be hit in 2022 and a 94% chance in 2023**.

Fig. 1 OC Water Usage, Monthly by Supply with projection to end of fiscal year

- [1] Imported water for consumptive use. Includes "In-Lieu" deliveries and CUP water extraction. Excludes "Direct Replenishment" deliveries of spreading water and deliveries into Irvine Lake.
- [2] GW for consumptive use only. Excludes In-Lieu water deliveries and CUP water extraction that are counted with Import. BPP in FY '20-21 is 77%.
- [3] MWDOC's estimate of monthly demand is based on the projected 5 Year historical retail water demand and historical monthly demand patterns.
- [4] Total water usage includes IRWD groundwater agricultural use and usage by non-retail water agencies.

Fig. 2 OC Monthly Water Usage [1]: Comparison to Last 4 Fiscal Years

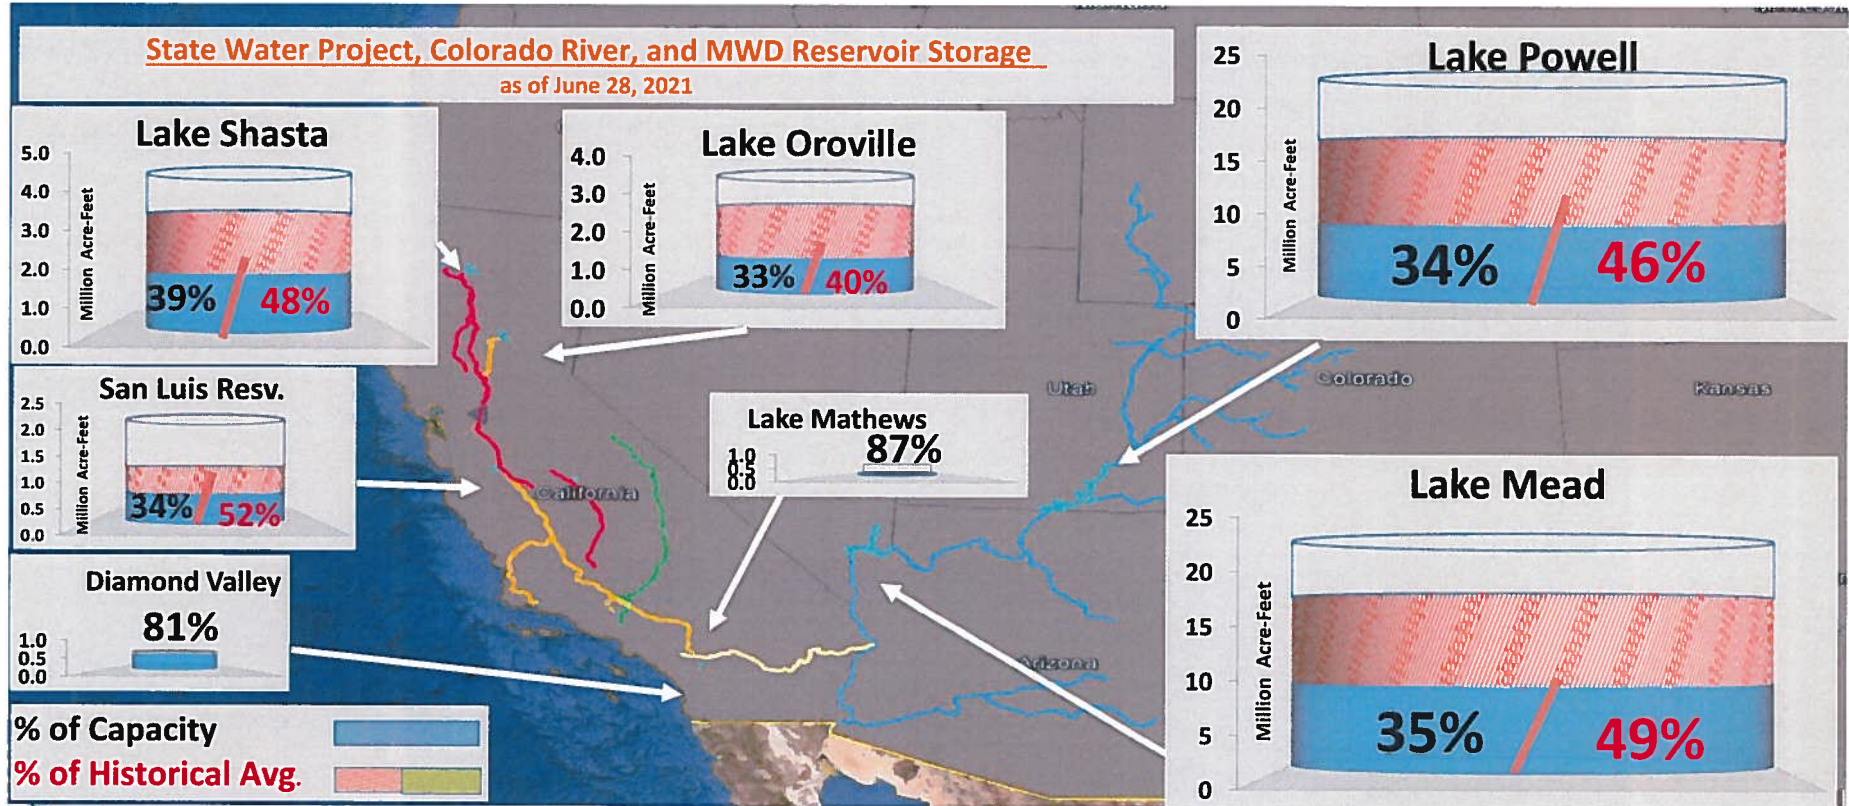

[1] Sum of Imported water for consumptive use (includes "In-Lieu" deliveries; excludes "Direct Replenishment" and "Barrier Replenishment") and Local water for consumptive use (includes recycled and non-potable water and excludes GWRS production) Recent months numbers include some estimation.

Re: Second Application of Southern California Edison
Company (U 338-E) for Authority to Issue Recovery
Bonds for Certain Costs and Expenses Pursuant to Public
Utilities Code Section 850 *et seq.*

To Whom It May Concern:

On June 23, 2021, Southern California Edison Company (SCE) filed its second application for authority to issue recovery bonds for certain costs and expenses with the California Public Utilities Commission.

The enclosed notice is being published in a newspaper of general circulation in every county within SCE's service territory and will be included as a bill notice provided to every SCE customer. To obtain more detailed information, you may view or download a copy of SCE's filing and supporting testimony on our website, at www.sce.com/applications. You may also request a print copy of these documents from SCE at the address listed in the enclosed notice.

Very truly yours,

**NOTICE OF APPLICATION SOUTHERN CALIFORNIA EDISON
COMPANY'S REQUEST TO INCREASE ELECTRIC RATES
APPLICATION A.21-06-016**

Why am I receiving this notice?

On June 23, 2021, Southern California Edison Company (SCE) filed its second securitization application with the California Public Utilities Commission (CPUC), proposing to finance up to \$1.1 billion for costs related to wildfire mitigation and uncollectible expenses due to COVID-19.

If the CPUC approves this application, the securitization transaction will allow SCE to recover these costs and expenses at a lower rate to customers than through traditional utility financing. SCE intends to recover this amount through forecasted costs in electric rates over a 25 year period beginning January 1, 2022, resulting in an annual revenue requirement of \$55 million for 2021 through the issuance of recovery bonds. This will impact your monthly bill.

Why is SCE requesting this rate increase?

The California legislature approved Assembly Bill 1054 (AB 1054) authorizing issuance of recovery bonds to fund the costs of certain fire risk mitigation costs and AB 913 to fund uncollectible expenses due to COVID-19 as well as associated financing costs. In accordance with AB 1054, SCE is further enhancing and expanding efforts to reduce wildfire risk as part of a multiyear strategy, focused on reducing the potential for fires to be started by electrical equipment and reducing the potential for fires to spread. Pursuant to AB 913, SCE is seeking to mitigate the impacts of rate increases in 2021 resulting from residential customer uncollectible bills due to COVID-19. Financing these costs with recovery bonds reduces the customer rate increase compared to traditional utility ratemaking.

How could this affect my monthly electric rates?

If SCE's proposed rate increase is approved, an average residential electric non-CARE customer using 500 kWh per month would see a bill increase of \$0.87 per month (0.70%), from \$123.79 to \$124.66. The average residential CARE customer using 500 kWh per month would see a bill increase of \$0.59 per month (0.70%), from \$83.80 to \$84.39.

Customer Impact Table

Bundled Average Rates (c/kWh)				
Customer Group	Current Rates	Proposed Increase	Proposed Rates	% Increase
Residential	22.2	0.16	22.3	0.7%
Lighting - Small and Medium Power	21.6	0.18	21.8	0.8%
Large Power	14.8	0.11	14.9	0.7%
Agricultural and Pumping	17.4	0.15	17.5	0.9%
Street and Area Lighting	24.2	0.05	24.3	0.2%
Standby	12.1	0.08	12.2	0.6%
Total	19.9	0.15	20.1	0.8%

Residential Bill Impact (\$/Month)				
Description	Current	Proposed Increase	Proposed	% Increase
Non-CARE residential bill	\$123.79	\$0.87	\$124.66	0.7%
CARE residential bill	\$83.80	\$0.59	\$84.39	0.7%

The Bundle Customer average rate adjustments assume a January 1st FRC implementation with a Clearing Rate set for a shorter (i.e., less 6-months) first payment period. The Clearing Rate refers to the rate level required to ensure recovery of a sufficient amount of revenue to pay the bond principle and interest payment at the end of each six-month payment period (or shorter or longer initial payment period). The Clearing Rate remains in effect over two payment periods and is reset at the end of the second payment period through the true-up process. Any imbalances associated with revenue recovery at the Clearing Rate, will be applied to the next FRC revenue requirement cycle.

Assumptions:

Current rate based on	1-Jun-21	effective rates
Based on	1-Jun-21	sales forecast

How does the rest of the process work?

This application will be assigned to a CPUC Administrative Law Judge who will consider proposals and evidence presented during the formal hearing process. The Administrative Law Judge will issue a proposed decision that may adopt SCE's application, modify it, or deny it. Any CPUC Commissioner may sponsor an alternate decision with a different outcome. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners at a public CPUC Voting Meeting.

Parties to the proceeding are currently reviewing SCE's application, including the Public Advocates Office, which is an independent consumer advocate within the CPUC that represents customers to obtain the lowest possible rate for service consistent with reliable and safe service levels. For more information about the Public Advocates Office, please call 1-415-703-1584, email PublicAdvocatesOffice@cpuc.ca.gov, or visit PublicAdvocates.cpuc.ca.gov.

CẢNH SÁT GARDEN GROVE TỔ CHỨC ĐÊM 'NATIONAL NIGHT OUT' LẦN THỨ 38 GẶP GỠ CỘNG ĐỒNG

Sở Cảnh Sát Garden Grove mời cộng đồng đến tham dự đêm 'National Night Out' vào ngày Thứ Ba, 3 tháng Tám, 2021, từ 5:00 giờ chiều đến 8:00 giờ tối, trước Sở Cảnh Sát, tại địa chỉ 11301 Acacia Parkway.

Cư dân trong cộng đồng có thể tham gia vào những trò chơi giải trí dành cho gia đình, gặp gỡ trò chuyện cùng các nhân viên cảnh sát, chơi vẽ mặt, và có cơ hội để trúng các giải thưởng. Chương trình miễn phí này tạo cơ hội để cộng đồng gặp gỡ các nhân viên tuần tra và phòng chống tội phạm, cũng như tìm hiểu về các chương trình bảo vệ khu phố và cách tham gia. Các hoạt động khác bao gồm hướng dẫn an toàn công cộng của đơn vị K-9 và SWAT. Ngoài ra, Đội Ứng Phó Khẩn Cấp Cộng đồng (CERT) cũng sẽ tham dự trong sự kiện này.

'National Night Out' là một cơ hội để gặp gỡ, hợp tác và tương tác với cơ quan thực thi pháp luật địa phương, đồng thời củng cố mối quan hệ giữa các khu phố. Mục tiêu nhằm ngăn chặn tội phạm thông qua giáo dục và quan hệ đối tác cộng đồng và cảnh sát.

Mọi người có thể đậu xe bên Acacia Adult Day Services của Garden Grove, tại địa chỉ 11391 Acacia Parkway; Trung tâm Community Meeting Center, tại 11300 Stanford Avenue; hoặc First Baptist Church, tại 12761 Euclid Street; và tại Purcell Building, 11277 Garden Grove Boulevard.

CẢNH SÁT GARDEN GROVE TỔ CHỨC ĐÊM

Không được phép đậu xe trên các đường phố khu vực Civic Center từ 8:00 giờ sáng đến 10:00 giờ tối. Các bảng hiệu "No Parking" sẽ được đặt chung quanh và thông báo đóng đường sẽ được gửi đến người dân và doanh nghiệp trong khu vực hai tuần trước khi sự kiện diễn ra. Các con đường sau đây sẽ đóng lại:

- Lăn đường đi về hướng Nam trên Civic Center Drive, từ Garden Grove Boulevard đến Acacia Parkway.
- Acacia Parkway, từ đường 7th Street đến Tòa thị chính Garden Grove, tại 11222 Acacia Parkway.

State Budget bolsters city priorities; calls for direct state relief for cities left unanswered

Jul 13, 2021

FOR IMMEDIATE RELEASE

Contact: Kayla Woods

Cell: (530) 844-1744, kwoods@cacities.org (<mailto:kwoods@cacities.org>)

Sacramento – Following Gov. Gavin Newsom’s signing of SB 129 (Skinner), a major bill amending the 2021-22 State Budget, League of California Cities President and El Centro Mayor Cheryl Viegas Walker issued the following statement:

“Cal Cities celebrates the strong commitment from the state to make significant investments in cities and the residents who live within them. Ensuring that all Californians have a roof over their head, clean and reliable water sources, protection from climate change-related natural disasters, and access to broadband have been city leaders’ top priorities for years. We are pleased to see these shared values as the foundation of the 2021-2022 State Budget.

“City leaders demonstrated herculean efforts over the past 15 months, responding to the pandemic and maintaining the delivery of critical city services. The American Rescue Plan funding for cities will certainly provide relief critical to jumpstarting local recovery, but substantial budget gaps in our cities remain, hindering an expedited and equitable recovery for all.

“We were hoping that the state would come through as our partner to ensure that no community is left behind from the pandemic, and are disappointed that despite continued calls for \$2 billion in state aid to help cities address local budget gaps, this much-needed relief was not included in the budget.

“We know that it is important for state lawmakers and the Governor that every community recovers fully from the pandemic. This budget is a good start and Cal Cities will continue to work with the Governor and the legislature to ensure that every city has the resources needed to support residents, rebuild our local economies, and thrive in recovery.”

Established in 1898, the League of California Cities is a nonprofit statewide association that advocates for cities with the state and federal governments and provides education and training services to elected and appointed city officials.

Guide to Local Recovery Update: July 15

Jul 15, 2021

The U.S. Department of the Treasury has released several resources on its Compliance and Reporting Guidance for Coronavirus State and Local Fiscal Recovery Funds (SLFRF) recipients.

Additionally, several recovery-related webinars are available later this month, including a Government Service Administration Procurement training. The deadline to submit comments and recommendations to the Treasury Department on the Interim Final Rule is on July 16.

Coronavirus State and Local Fiscal Recovery Funds (SLFRF) Recipient Compliance and Reporting Responsibilities

On June 17, the U.S. Department of the Treasury issued its Compliance and Reporting Guidance for Coronavirus State and Local Fiscal Recovery Funds (SLFRF) recipients. Webinar recordings, presentations, and instructions on submitting reports are **[available on the Treasury Department's website \(https://home.treasury.gov/policy-issues/coronavirus/assistance-for-state-local-and-tribal-governments/state-and-local-fiscal-recovery-funds/recipient-compliance-and-reporting-responsibilities\)](https://home.treasury.gov/policy-issues/coronavirus/assistance-for-state-local-and-tribal-governments/state-and-local-fiscal-recovery-funds/recipient-compliance-and-reporting-responsibilities)**. All recipients should carefully read and review the available materials, as the requirements vary based on population and amount of funding received.

American Rescue Plan Act (ARPA) Interim Final Rule Changes and Comment Submissions

Cities and community members are encouraged to submit comments and recommendations on the Treasury Department's Interim Final Rule. These rules will indicate how ARPA funds can be used, so city engagement is essential. Comments and recommendations can be submitted through the [regulations.gov \(https://www.regulations.gov/document/TREAS-DO-2021-0008-0002\)](https://www.regulations.gov/document/TREAS-DO-2021-0008-0002) website. The deadline to submit is July 16.

Webinars and Training

Several recovery-related webinars are available in the coming weeks. The Government Service Administration (GSA) is hosting several training sessions on its [Multiple Award Schedules \(https://www.gsa.gov/buying-selling/purchasing-programs/gsa-schedule/schedule-buyers\)](https://www.gsa.gov/buying-selling/purchasing-programs/gsa-schedule/schedule-buyers) procurement option, as well as other programs that can help state, local, and tribal governments access certified and secure products and services. **The first training on July 20 at 10:00 a.m. (https://gsa.zoomgov.com/webinar/register/WN_d2gw5j8sRWiOb6sD57iZug)** will offer an overview of GSA programs.

The National League of Cities (NLC) will host a virtual event on how the American Rescue Plan Act (ARPA) [funds can be used to support inclusive economic recovery on July 27 at 11:00 a.m \(https://nlc-org.zoom.us/meeting/register/tZ0ofu6gpjwrGt0u2II_5AVDLFd2wc3FORgn?timezone_id=America%2FLos_Angeles\)](https://nlc-org.zoom.us/meeting/register/tZ0ofu6gpjwrGt0u2II_5AVDLFd2wc3FORgn?timezone_id=America%2FLos_Angeles) .

Former Chief Economic and Business Advisor to Governor Gavin Newsom, Lenny Mendonca, will discuss [California's post-pandemic economic outlook \(/detail-pages/event/2021/07/29/default-calendar/cal-cities-speaker-series-presents-lenny-mendonca\)](https://detail-pages/event/2021/07/29/default-calendar/cal-cities-speaker-series-presents-lenny-mendonca) and how state and federal governments can help drive local economic recovery on Thursday, July 29 at 10:00 a.m. as part of Cal Cities recurring speaker series. Additionally, Mendonca will share best practices for how city leaders can be the “helpers” in their communities while also keeping their mental health and self-care top of mind.
